

## **It's Good News for MDHA Section 8 Landlords!**

Miami-Dade County is offering a new, FREE user-friendly listing service to Miami-Dade Housing Agency's (MDHA) Section 8 landlords and tenants which provides improved access to a list of affordable rentals in Miami-Dade County. With this FREE service, property owners and managers will be able to:

1. List and manage their available rentals with a toll-free number or via the internet - FREE
2. Describe in greater detail a rental's amenities, location, post a photo of the unit, and more - FREE
3. Avoid calls on rented properties and remove properties from the list immediately when rented with a toll-free number or via the internet – FREE

### **"Sounds great, but how will this help voucher holders who are searching for units?"**

It will significantly help renters find exactly what they are looking for by enabling them to search the available listings by several criteria, including neighborhood, price, deposit, amenities, and much more.

### **"I have always listed my units on the MDHA Owners Referral List. Should I continue to do so?"**

No. You will need to list your properties with the Housing Resource Center starting November 15, 2006.

### **"I'm in! How do I sign up?"**

It is very important to sign up as soon as possible because any listings currently posted in the MDHA Owners Referral List will be unavailable as of November 15, 2006. You may register for the new program – FREE – by calling the Housing Resource Center toll free at 1-877-428-8844 or completing the registration form and faxing to 1-866-265-7811 or registering online at [housing.miamidade.gov](http://housing.miamidade.gov).
